

**Artwork:** *Femme accroupie (Squatting woman)*  
**Created:** 1882  
**Artist:** Auguste Rodin  
**Born:** 12 November 1840  
**Died:** 17 November 1917  
**Country:** France

**Known for:** Sculptures that look almost real. This was something very new at that time. Sculptures were stiff and dignified and showed people at their best. Rodin showed what he actually saw, with a lot of movement and all the details.

**Special:** The sculpture is very realistic, but copying the pose is almost impossible!

**Written assignment:** Think of words that are related to this artwork. Write them around the note paper. Using the most special words, write an **elf!** An **elf!** is a poem with five lines and eleven words. Line one consists of one word, line two of two and so on. Line five has one word again.

**Example:**
